STRIDE FORWARD.

CHANGING THE FACE OF MOHALI

In last one decade, Mohali has attracted numerous corporate, government offices, leading healthcare institutions and International Airport. This has fueled the growth, creating job opportunities for people across Punjab, Haryana and Himachal. Pro active Punjab government has attracted many big companies such as Infosys, Quark, STPI, TCS, HDFC, premium education centers - Ashoka University, ISB, IISER, and major telecom players. Master plan by Jurong International Singapore has finally started to take shape, as Government of Punjab is focused to position this region as a world class city. As the migration of workforce increased, it has given real estate sector a much needed escalation. Jubilee Group has taken an initiative and is now playing a significant role in Mohali's modernization and urbanization by giving some of the most outstanding commercial developments. Modern architecture and range of amenities provided by Jubilee Group will offer everything to office goers, retail space owners and everyone residing in the vicinity.

PERFECT PARTNER

Jubilee is founded on the belief that buildings are more than just physical structures; they are living spaces to nurture, stimulate and inspire the human mind, thus improving the living quality and environment for the community. It is with this radical thinking that Jubilee Group specializes in conceiving building concepts that are people-oriented, maximizing the purposeful development and utilization of land and space thoughtfully.

At Jubilee, we aim to create modern structures for people to work, play and live in. We add value for our clients and their investments and ensure sustainable material and intellectual growth for all stakeholders.

With our vast experience and expertise serving as a strong foundation of our business, we further strive to improve our products and services by putting much emphasis on strong Teamwork, Transparent and Open Management methods, investing and adding value in Human Capital, and focusing on Customer Satisfaction. We gear all our resources with our constant efforts to deliver the best possible quality to our customers in terms of design, concept, materials, workmanship and finished product.
